SIGNATURE RIVER-VIEW RITUAL

90 MINUTE

Our signature treatment begins with a nourishing foot scrub and a deep acupressure foot massage whilst you enjoy the view to the River Thames.

This is followed by a full body massage using the application of heated river stones and a unique oil containing extracts of willow, lemon balm and marigold that helps promote skin regeneration. The treatment ends with a deep energising head and face massage.

A total experience for the body and mind. **£140**
